FOR IMMEDIATE RELEASE

October 20, 2020 - Norfolk, VA

Boutique Air is proud to announce air service will begin November 1, 2020, from Norfolk International Airport (ORF) to Baltimore-Washington International Thurgood Marshall Airport (BWI).

There will be 2 round-trip flights Sunday, Monday, and Friday and 1 round-trip flight Tuesday, Wednesday, Thursday, and Saturday.

Flight times can be found on the Boutique Air website: www.boutiqueair.com. Direct bookings for flights can be made through the website or by calling 855-268-8478. There is also an interactive live chat available on the website.

Boutique Air is a codeshare partner with United Airlines and has an interline agreement with American Airlines for seamless connections out of BWI. Bookings for the entire flights from Norfolk to final destinations can be made through both United and American Airlines websites, call centers, and reputable travel services and travel agencies.

“Our codeshare partnership and interline agreements give Norfolk travelers expanded travel options that may have been hard to book recently due to reduced flights,” said Brian Kondrad, Boutique Air General Manager.

“We are very proud to offer Baltimore-Washington (BWI) to all Norfolk passengers. Whether it’s for business or pleasure, we’re honored to provide dedicated service to this destination,” Kondrad stated. “We are excited to begin taking an active role in the community and being part of the great services offered at the Norfolk International Airport.”
