NORFOLK INTERNATIONAL AIRPORT OPENS A NEW CELL PHONE WAITING LOT FOR PASSENGER PICKUP

WHO: Norfolk Airport Authority

WHAT: New Cell Phone Waiting Lot for passenger pickup at Norfolk International Airport

WHERE: From the airport entrance on Norview Avenue, bear right at the fork heading for Departures and follow the signs.

WHEN: November 16, 2022

Airport Cell Phone Lots are used as a vehicle waiting area for individuals picking up arriving passengers at Norfolk International Airport. Remain with your vehicle here until your passenger arrives and calls you. Then proceed to the curbside at the Arrivals Terminal (baggage claim) to pick up your passenger. Cell Phone Lots free up curbside congestion and allow more orderly pickups. The lot is located [here](#).

Alternately, patrons picking up passengers can park free of charge for up to 30 minutes in any airport parking lot or garage.

The Arrivals Terminal curbside is now a passenger loading zone only; no parking or waiting is permitted.

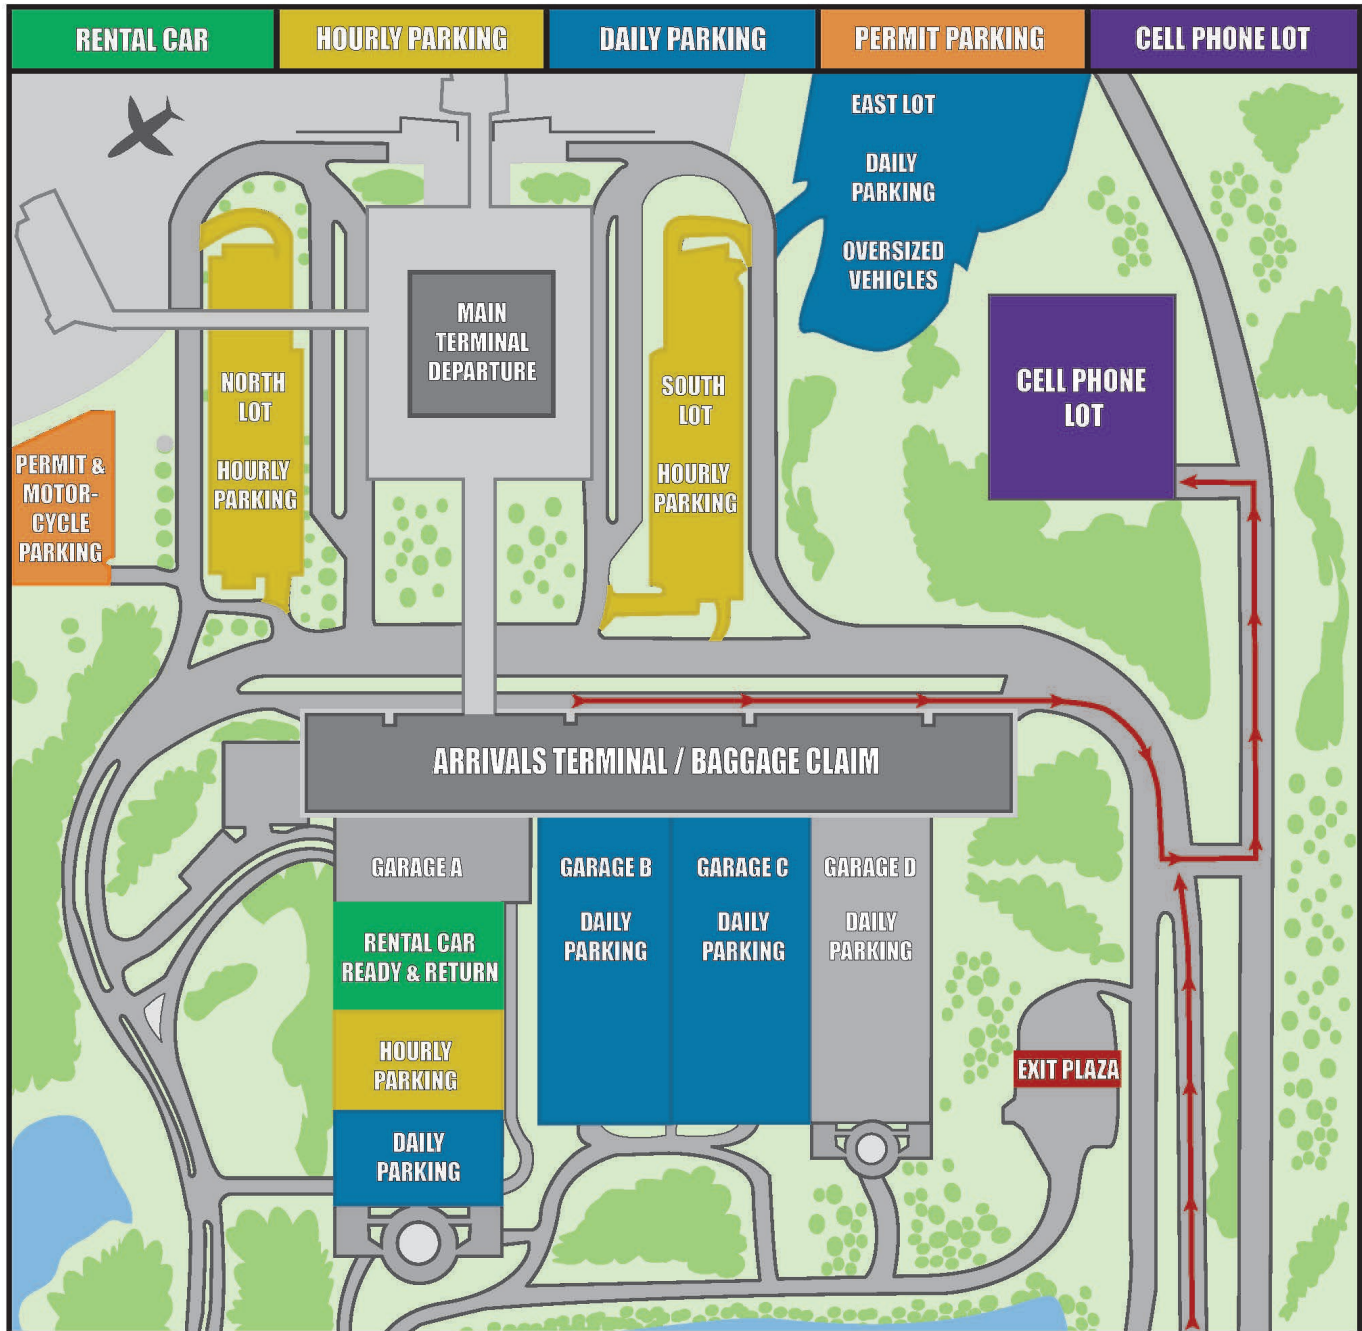

For more information visit www.norfolkairport.com/parking/

Note: Directional map on page 2 of this advisory.
